

# Module 3.0

## Can I do this Myself?

**Student Course Notes**

# Exercise

EXERCISE QUESTION	YOUR ANSWER
<p>1 - Did you hold any 'internal beliefs', be it empowering or disempowering regarding your ability to use this program to sell your property?</p> <p>Prior to purchasing this program, you may have thought that perhaps I'm a scammer, or I'm another internet entrepreneur just in it for the money. By the way, did you know these people are now known as 'contrepreneurs', and I've encountered my fair share of them.</p> <p>Additionally, if I am a scammer, I'm a very bad one as I'm giving away the money I make.</p>	
<p>2 - Now, write down some of these beliefs. i.e. 'I absolutely believe I can do this because everything is here and I have Darren to guide me' or conversely, you may be thinking I can't do this, or it isn't going to work' etc etc.</p> <p>Yeah, yeah, we've all had these kinds of beliefs, including myself. It isn't unusual and sometimes I'm surprised I ever purchased a house originally as I held off for so long with all the questions and nonsense floating around in my head.</p>	

## Student Course Notes

<p>3 - Next question, and more importantly.</p> <p>Following this section of the program, do you still hold these beliefs? If so, why? Again, A\ I sold my own house, B\ I have nothing to gain here other than to help you sell yours as well.</p> <p>What's the difference between you and me, other than you may be better looking than me, perhaps wealthier, better looking. Hold on, I'm going to be looking at my own beliefs if we keep this going...</p>	
<p>4 - And final question. Is there something concerning you that perhaps I haven't covered here?</p> <p>If so, feel free to drop me an email and I'll update the program...that's what I do. I try to constantly improve, make things better, easier to understand, more thorough and more complete.</p>
